BENNY GABEL

473 Harold St., Staten Island, NY 10314 • (646) 242-4323 • bennygabel@gmail.com

TECHNOLOGY EXPERIENCE   NEW YORK, NY

Apr 99– to date   SOFTWARE CONSULTANT / WEB DEVELOPER

IT consultant working exclusively with ACCPAC –originally SBT– software that provides business management solutions to small, medium and large businesses in the areas of inventory, accounts receivable, sales orders, accounts payable, purchases and general ledger

Ben-Tek (Jun 17-to date)
- Created own reporting system interacting with SQL servers
  - Commercial tools
  - Warehouse management
- Inventory integration with CommerceHub
- Web development

Independent Consultant (Mar 08–May 17)
- Provide ACCPAC-related support to customers in manufacturing, jewelry, and food distribution
- Develop programs that add functionalities/capabilities to ACCPAC and allow for a more extensive and efficient use of the program. Examples include programs to incorporate new promotions and pricing models in the system's basic inventory management tool
- Create shortcuts to access in real time commonly used information from any part of the application

Big Jewelry – *Jewelry designer and manufacturer* (Aug 03-to date)
- Upgrade existing SBT system to a Windows-based version. Create and incorporate new features such as faxing/emailing, pictures, scanning and bar-coding
- Develop programs to monitor job cost, markups, production and classification of gemstones
- Redesign production applications to reduce processing time to one minute per transaction

Lichtman Information Systems – *Leading provider of business technology solutions (*Jan 00–Mar 08)
- Provided ACCPAC-related support to over 100 clients in a wide variety of industries
- Developed programs that expand traditional ACCPAC functions. Examples include programs to manage day-to-day operations, outsourcing, cost management and allowances
- Implemented applications that link ACCPAC to UPS, FedEx and other external systems
- Monitored performance of ACCPAC-related programs; solved problems when required

D&W Jewelry – *Jewelry wholesale* (Apr 99–Dec 99)
- Designed, developed and implemented a software package to manage accounts receivable and inventory

BANK EXPERIENCE   LIMA, PERU

Jan 95– Jan 99   BANCO WIESE DEL PERU – *Commercial Bank, Credit Card Department*

Assistant Chief of Operations (Jan 97–Jan 99)
- Restructured credit card operations in order to increase productivity
- Created software applications to manage customer service, claims and courier services
- Designed new reports and information systems used by management in the decision making

Security Contact – MasterCard International (Mar 96-Dec 96)
- Managed relationship between Banco Wiese and MasterCard International on issues related to credit card use and control of fraudulent activities

Project Manager (Oct 95–Feb 96)
- Participated in the transition from an outsourcing system to an internal credit card operation. Developed operating procedures, customer relations services, and security parameters
- Evaluated and implemented a software to manage the new credit card operations

Operator (Jan 95–Dec 95)
- Managed communication and transactions between the Bank and the credit card outsourcing company

Sep93–Sep 95   INTERFIP – *Financial Institution, Stock Market*

Mar 92-Jun 93   Banco del Progreso – *Commercial Bank, Credit, International & Computer Department*
